

SEPTEMBER 2010 CALL
FELLOWSHIP
PROGRAMME WINNERS

Short-term Fellowships

Dr. Hana Guberina

Provenance Institute: **Dept. of Nephrology – University of Essen
ESSEN - GERMANY**

Receiving Institute: **Dept. of Immunohaematology and Blood - Leiden University
LEIDEN – THE NETHERLANDS**

Research title: *The possible role of the non-classical Human leukocyte antigen (HLA) – E class I molecule on the outcome of renal transplantation*

Dr. Adrian Ovidiu Vaduva

Provenance Institute: **Spitalul Clinic Municipal de Urgenta Timisoara
TIMISOARA – ROMANIA**

Receiving Institute: **Dept. Cellular Pathology – Hammersmith Hospital
LONDON – UNITED KINGDOM**

Research title: *Training in renal pathology*

Dr. Zdenka Hruskova

Provenance Institute: **Dept. of Nephrology and Inst. of Immunol. and Microbiol. – General University Hospital
Charles University in Prague
PRAGUE – CZECH REPUBLIC**

Receiving Institute: **Dept. of Renal Medicine - Vasculitis and Lupus Clinic
Addenbrooke's Hospital
Cambridge – United Kingdom**

Research title: *Long-term outcome of ANCA-associated vasculitides in two different European cohorts and validation of known predictors of outcome*

Dr. Katarina Obrencevic

Provenance Institute: **Military Medical Academy
BELGRADE - SERBIA**

Receiving Institute: **Transplantation Coordinating Center
TURIN - ITALY**

Research title: *Organization of cadaveric kidney transplantation in Serbia improvement using Italian transplantation center experience*

Dr. Catalina Martin Cleary

Provenance Institute: **Fundacion Jimenez Diaz
MADRID – SPAIN**

Receiving Institute: **Division of Renal Medicine – Karolinska University Hospital**

Research title: ***CXCL16 as a clinical outcome biomarker in CKD: relationship to TWEAK***

Long-term Fellowships

Dr. Valerie Leroy

Provenance Institute: **Dept. of Pediatrics, Division of Nephrology - University Hospital of Geneva
GENEVE - SWITZERLAND**

Receiving Institute: **Dept. of Pathology and Immunology – University of Geneva
GENEVA - SWITZERLAND**

Research title: ***Immunopathogenesis of IgA Nephropathy (IgAN): Analysis of a New Murine Model of IgAN Induced by IgA Anti-IgG2a Rheumatoid Factor***

Dr. Abduzhappar Gaipov

Provenance Institute: **Dept. of Efferent Therapy and Internal Medicine – National Scientific Medical Center
ASTANA CITY - KAZAKHSTAN**

Receiving Institute: **Dept. of Nephrology – Selcuk University Meram School of Medicine
KONYA - TURKEY**

Research title: ***Acute kidney injury after cardiac surgery: ways of its prevention and treatment***

Dr. Sonja Gracin

Provenance Institute: **Dept. of Nephrology - Clinical Hospital Merkur
ZAGREB - CROATIA**

Receiving Institute: **Renal Unit – The Royal London Hospital
LONDON – UNITED KINGDOM**

Research title: ***The influence of uric acid on kidney function and hypertension after kidney transplantation***

Dr. Hanneke De Kort

Provenance Institute: **Dept. of Pathology - Leiden University Medical Center**

LEIDEN – THE NETHERLANDS

Receiving Institute: **Dept. of Histopathology, Faculty of Medicine
Imperial College
LONDON – UNITED KINGDOM**

Research title: ***Transcriptome analysis of renal transplant biopsies for the diagnosis of AMR***

Dr. Jesper Kers

Provenance Institute: **Dept. of Pathology – Academic Medical Center
AMSTERDAM – THE NETHERLANDS**

Receiving Institute: **Institute for Medical Immunology -
GOSSELIES – BELGIUM**

Research title: ***High-definition functional molecular imaging in renal transplantation***

Dr. Marcella Franquesa

Provenance Institute: **Dept. of Experimental Nephrology – Campus de Bellvitge
HOSPITALET DE LLOBREGAT- SPAIN**

Receiving Institute: **Erasmus Medical Center
THE NETHERLANDS**

Research title: ***Potential Synergistic immunomodulatory effect of ATG and Mesenchymal Stem Cells***

Dr. Annalisa Vilasi

Provenance Institute: **Dept. of Pharmaceutical Sciences – University of Salerno
SALERNO - ITALY**

Receiving Institute: **UCL Centre for Nephrology – Royal Free Hospital
LONDON – UNITED KINGDOM**

Research title: ***Application of FTIR and other spectroscopic methods to analysis of urine and tissue in glomerulonephritis***

Dr. Francesco Pesce

Provenance Institute: **Università degli Studi di Bari – Azienda Ospedaliero Universitaria Policlinico
BARI – ITALY**

Receiving Institute: **School of Public Health – Imperial College London
LONDON, UNITED KINGDOM**

Research title: ***Finding Genetic Variants of IgA Nephropathy through Sequencing***

Dr. Dominique Cathelin

Provenance Institute: **Center for Cancer Immunotherapy – CCTI – University Hospital Herlev
HERLEV - DENMARK**

Receiving Institute: **INSERM Unit UMR S 702 – Hopital Tenon
PARIS - FRANCE**

Research's title: ***Micro ARRAY DNA Sequencing for primary Caucasian FSGS***

Dr. Cristina Zennaro

Provenance Institute: **Renal Physiopathology Laboratory – Università di Trieste
TRIESTE – ITALY**

Receiving Institute: **IRCCS Istituto Ortopedico Galeazzi
MILANO – ITALY**

Research title: ***A new approach of the study of plasma permeability factors implicated in the
Pathogenesis of focal segmental glomerulosclerosis: the Zebrafish model***

Dr. Sebastian Azorin

Provenance Institute: **Servicio de Nefrologia – Hospital Universitario La Paz
MADRID – SPAIN**

Receiving Institute: **Univesità degli studi di Firenze – Centro di Ricerca, Trasferimento ed Alta Formazione
FIRENZE – ITALY**

Research title: ***Identifying the pathways implied in renal in renal progenitor cell fate in renal disease and
their potential therapeutic targets***
