

MARCH 2012 CALL
FELLOWSHIP
PROGRAMME WINNERS

Short-term Fellowships

Dr. **Dominika Maciorkowska**

Provenance Institute: **Department of Invasive Cardiology, University Hospital in Bialystok
BIALYSTOK - POLAND**

Receiving Institute: **Dept. of Nephrology, University of Duesseldorf
DUESSELDORF – GERMANY**

Research title: ***Modulation of sympathetic nerve activity by renal denervation in hypertensive renal transplant patients***

Dr. **Maria Hrabrova**

Provenance Institute: **Scientific Research Institute of Nephrology, Saint-Petersburg Pavlov State Medical University
SAINT PETERSBURG – RUSSIA**

Receiving Institute: **Nephrology Center of Lower Saxony
HANN. MUENDEN – GERMANY**

Research title: ***Prognosis of the long-term graft survival and function in kidney transplant patients with moderate-to-high immunological risk***

Dr. **Irimi Schaefer / Tossidou**

Provenance Institute: **Dept. of Nephrology, Medical school Hannover
HANNOVER – GERMANY**

Receiving Institute: **Molecular Recognition Unit – VUB/VIB
BRUSSELS – BELGIUM**

Research title: ***Tyrosine phosphorylation of CD2AP on position Y10 determine binding to nephrin***

Dr. Arianne van Koppen

Provenance Institute: **Dept. of Nephrology and Hypertension – University Medical Center Utrecht
UTRECHT – THE NETHERLANDS**

Receiving Institute: **Institute of Human Genetics – University of Newcastle upon Tyne
NEWCASTLE UPON TYNE - UNITED KINGDOM**

Research title: *Methods to measure function and detect renal damage in the zebrafish*

Dr. Alexis Fuster

Provenance Institute: **Hospital Clinic de Barcelona
BARCELONA - SPAIN**

Receiving Institute: **Dept. of Pathology – Academic Medical Centre
AMSTERDAM – THE NETHERLANDS**

Research title: *Development of validated analyses of renal transplant biopsies to identify local markers of tolerance and to predict the development of fibrosis*

Dr. Noelia Pascual

Provenance Institute: **Institute of Biomedical Research - IRBLLEIDA
LLEIDA - SPAIN**

Receiving Institute: **Dept. of Physiology – Radboud University Nijmegen Medical Centre (RUNMC)
NIJMEGEN – THE NETHERLANDS**

Research title: *Efficacy and safety of 25 (OH) 2D3 to substitute for calcitrol in VDR activation of key Target genes in calcium homeostasis in a CKD model of WT mice and 1 alphaOHase KO mice: Implications for therapy in kidney disease and vascular calcification.*

Dr. Mariia Ivanova

Provenance Institute: **Pathology Dept., National Medical University
KIEV - UKRAINE**

Receiving Institute: **Dept. of Histopathology – Hammersmith Hospital
LONDON – UNITED KINGDOM**

Research title: *Tubulo-interstitial nephritis*

Dr. Inna Kolesnyk

Provenance Institute: **Institute of Nephrology
KIEV - UKRAINE**

Receiving Institute: **Dept. of Medical Informatics - ERA-EDTA Registry Office – Academic Medical Center
AMSTERDAM – THE NETHERLANDS**

Research title: ***Setting up a high-standard national registry of chronic kidney disease patients in the Ukraine***

Long-term Fellowships

Dr. Isabel Quiros Gonzales

Provenance Institute: **Servicio de Metabolismo Oseo y Mineral – Instituto Reina Sofia de Investigación
Nefrologica
OVIEDO - SPAIN**

Receiving Institute: **Mouse and Zebrafish Genetics – Wellcome Trust Sanger Institute
LONDON – UNITED KINGDOM**

Research title: ***Regulation of mineral metabolism through Disc large (Dlg) family of proteins***

Dr. Claudia Seikrit

Provenance Institute: **Division of Nephrology – University Hospital RWTH Aachen
AACHEN – GERMANY**

Receiving Institute: **INSERM UMR_S702 – Hopital Tenon
PARIS - FRANCE**

Research title: ***Molecular mechanisms leading to membranous nephropathy (MN)***

Dr. Federico Alberici

Provenance Institute: **U.O. Nefrologia – Ospedale di Parma
PARMA - ITALY**

Receiving Institute: **Addenbrooke's Hospital Cambridge
CAMBRIDGE – UNITED KINGDOM**

Research title: *Prognostic impact of Fcγ receptor gene polymorphisms and copy number variations in patients with ANCA-associated vasculitis treated with rituximab*

Dr. Miriam Jane Ball

Provenance Institute: **Clinical Institute of Pathology
VIENNA – AUSTRIA**

Receiving Institute: **Clinical Institute of Pathology
VIENNA – AUSTRIA**

Research title: *Analysis of the relationship between infections with fimbriated bacteria and ANCA – associated Vasculitis*

Dr. Maitane Del Pozo

Provenance Institute: **Dept. of Nephrology - Fundation Puigvert
BARCELONA – SPAIN**

Receiving Institute: **Dept. of Nephrology – University Hospital of North Staffordshire
STOKE ON TRENT – UNITED KINGDOM**

Research title: *Study of membrane, UF failure and EPS with time on treatment. Developing risk scores For EPS and identifying early biomarkers of membrane injury*

Dr. Nicolas Rognant

Provenance Institute: **Dept. of Nephrology – Hopital Eduard Herriot
LYON - FRANCE**

Receiving Institute: **School of Biochemistry – University of Bristol
BRISTOL – UNITED KINGDOM**

Research title: *Mechanism involved in the generation of reactive oxygen species (ROS) during ischaemia and reperfusion*

Dr. Liliana Gonzalez-Espinoza

Provenance Institute: **Unidad de Biología Molecular (UBM) y Servicio de Nefrología – Hospital Universitario de La Princesa (HULP)
MADRID - SPAIN**

Receiving Institute: **IIS – FUNDACION JIMENEZ DIAZ
MADRID – SPAIN**

Research title: *Scavenger Receptor and Chemokine CXCL16 and TNF-like weak inducer of apoptosis (TWEAK) actions on endothelial function in chronic kidney disease (CKD)*

Dr. Ana Cardaos

Provenance Institute: **ICCC-CSIC
BARCELONA - SPAIN**

Receiving Institute: **IRB Lleida
LLEIDA – SPAIN**

Research title: ***Vitamin D inhibition of Sirtuin4: therapeutic implications to control age-related disorders in kidney disease***

Dr. Ammar Tabikh

Provenance Institute: **Dar Al Hikma Hospital Tal al abyad Baalbeck Lebanon
BAALBECK - LEBANON**

Receiving Institute: **IIS – FUNDACION JIMENEZ DIAZ
MADRID - SPAIN**

Research title: ***Novel promoters of fibrosis in the transition from acute kidney injury to chronic kidney disease***
