**Registry (if any)** 1118-Q62-3567

**Fellowship programmes and/or educational opportunities for young doctors (if any)**  
Not available at this time. But we have plan.

### **Short description of the Society (preferably no more than 2000 characters)**

The Azerbaijan Nephrology Society was established on 27/03/2018 by Dr. Barat Yusubov and registered with the Ministry of Justice of the Republic of Azerbaijan on 24/04/2018 and began its official activity.

The main purpose of our society is to support the development of nephrology and to support young nephrologists. In addition, promoting public awareness of health and population health, encouraging people to engage in kidney disease and its prophylaxis, conducting research on nephrology and improving the knowledge and abilities of the community.

We plan to hold various courses, seminars, roundtables and conduct an international congress every year. As part of these plans, we hosted our first international congress in January 2019. We want to establish close links with the neurological societies of the neighboring countries and the nephrology association, which will play an important role in the development and integration of our nephrologists into the world. In the near future, we plan to launch the magazine of the association four times a year so that we look forward to the letter from the relevant state agencies that have all the preparations.
