Call for Advisors to the ERA-EDTA YNP Advisory Program

The YNP Board is very pleased to announce the ERA-EDTA Council accepted our proposal of an ERA-EDTA YNP Advisory Program.

The primary purpose of the program is to provide YNP members access to advisory partnerships, which promotes professional and career development, support and guidance; and to promote communication and interaction among members within the Society.

This is an exciting new challenge that will only succeed with the active participation of ERA-EDTA members. Click [here](#) and find all the necessary documents in the "LINKS AND ATTACHMENTS BOX" on the right-hand side of the screen to become an ERA-EDTA Advisor!

Advisor's main characteristics

Eligibility:

- Advisor should be a member of the ERA-EDTA without limit of age

Qualifications:

- Proven expertise in nephrology (clinical work; and/or clinical research; and/or basic science research)
- Advisors who are currently in fellowship training are also welcome and will be paired with medical students or medical residents

Roles:

An advisor should be a wise leader. He or she should be open, enthusiastic, and a generous teacher who shares his/her wisdom and experience. The goals of the partnership should be set according to the advisee's interests and focused on overcoming professional challenges, career promotion and motivation. An advisor is a volunteer.

www.era-edta.org

Benefits:

Besides personal satisfaction and professional recognition, every advisor will have her/his short biography including major areas of expertise and/or research interests published on the ERA-EDTA/YNP website. Furthermore, advisors will receive a complimentary registration to the ERA-EDTA Congress after successfully working with an advisee for the duration of the Program.

Time commitment:

Advisors will be part of the Board of Advisors and will serve on demand. The length of the program should not exceed twelve months and can be interrupted by the advisee or by advisor at any time. The time commitment should be approximately 3-4 hours per month. The advisor can only take on one or maximum two advisees at any given time. Communication will be maintained via electronic means.

Click [here](#) and download the "Instructions for the Advisors" from the LINKS AND ATTACHMENTS BOX for detailed information about the ERA-EDTA YNP Advisory Program and the Advisor's responsibilities.
