UNDER THE PATRONAGE OF

XIX International Congress on Nutrition and Metabolism in Renal Disease (ICRNM 2018)
Dear Colleagues, Friends,

We are very happy to welcome you to Genoa for the XIX International Congress of the Society of Renal Nutrition and Metabolism. This great event occurs 41 years after the First Congress in Wurzburg. Since then, the ICRNM Congresses have experienced tremendous growth, with the number of participants increasing over time.

The Congress is dedicated to disseminating the latest scientific advances in the field of renal nutrition and metabolism as they relate to patients with kidney diseases, including chronic kidney disease (CKD) and acute kidney injury (AKI).

We hope the scientific programme we have prepared will meet your expectations: the Scientific Committee, The Executive committee and ISRNM Council Members have worked very hard to provide the best in science and education.

Among the pre-Congress activities, the ICRNM 2018 will offer on the first two days the TNT Renal Course. In addition, the main Congress will have 4 Plenary lectures, 61 Symposia, 5 Free communications sessions and 260 posters. The entire spectrum of basic, clinical and translational nutrition and metabolism science will be covered by more than 100 expert speakers coming from more than 100 different nations.

Apart from the scientific programme we hope you will enjoy Genoa in early summer, a city with variety of cultural and leisure opportunities, such as great museums, parks and friendly, charming and romantic corners. I am sure that Genoa will be a friendly place to discuss science, to teach and learn and finally to meet old and new friends alike. Finally I would like to invite you to visit the Liguria Riviera, and must-see places like Portofino and Cinqueterre. For us, it is a great pleasure to have you in Genoa for the XIX ICRNM Congress.

Giacomo Garibotto MD
Professor of Nephrology
Congress President

**ORAL COMMUNICATION SESSIONS**

Oral Communication Sessions will be held on Thursday, June 28 and Friday, June 29. Each abstract presentation is allotted eight minutes followed by an additional three minutes of audience questions, facilitated by the session moderators.

**Time and date:**
- June 28, 2018: from 17.45 until 19.05
- June 29, 2018: from 17.30 until 19.15

It is responsibility of the lead authors to share the notifications with their co-authors.

The presenting authors of abstracts accepted for oral presentations must register for the ICRNM 2018 (fees apply) and make their own housing reservation. Please note that early bird fee closes on May 15, 2018.

**POSTER PRESENTATIONS**

Poster presentations will be available for viewing on Thursday, June 28, Friday, June 29, and Saturday, June 30 in the exhibit hall. If accepted for poster presentation, the lead author or a co-author must be available at the poster board for presentation and discussion.

**Time and date:**
- June 28, 2018: from 10.45 until 16.30
- June 29, 2018: from 11.00 until 16.00

It is responsibility of the lead authors to share the notifications with their co-authors.

The presenting authors of abstracts accepted for poster presentations must register for the ICRNM 2018 (fees apply) and make their own housing reservation.
