Short description of the Society (preferably no more than 2000 characters)

Members of the ISNH have their activity in the field of Clinical Nephrology, Dialysis, Transplantation and Arterial Hypertension.

Beside to the clinical activity, members are involved in clinical and basic research, instruction of residents, fellows and medical and nurse students.

The Society is very active in the area of Guidelines, Medical Regulation and Qualification.

We have a very active program of continual education for our members in addition to interaction with other societies in our country and abroad.
