**Short description of the Society (preferably no more than 2000 characters)**

Kosovo nephrologists' society was established on May 2009 in Pristina. It was the ultimate need of the moment for nephrologists to have their own society, to be together, to work closely, and to address their knowledge, needs and professional background.

Kosovo nephrologists society (KNS) has about 40 members has its statute and order according to laws of Republic of Kosovo. This society is a nonprofit organization it serves for its members, reunions, courses, workshop, World Kidney Day, National Dialysis Day organization and other scientific meetings. KNS provides shelter for all nephrologists, young doctors and resident nephrologists in order to work together and to benefit toward community and nephrology patients. Kosovo is a new country, a land of endemic nephropathy and a land on growing economy with significant increase in diabetic patients and chronic renal diseases. Kosovo nephrologists work on everyday basis, as a consolidate cooperative team and KNS is an joint society on their service.
